Most of us are probably happy to see 2020 draw to a close. This year, the global pandemic and business closures were certainly unexpected and affected each of us and our way of life. We are grateful that nearly all of our amenities and services are still available (with modifications) to our members. In all situations, we follow State guidelines as we try to return to some form of this "new normal".

There have been a few unexpected upsides to COVID-19 for the Canyon Lake POA. Our restaurants have been extremely busy. When the State prohibited indoor dining, our members discovered that we offer the best outside dining options, food, and views in the region. Happy Camp has also been very popular and busy and remains our one amenity that does not need to be subsidized by the members. The pandemic, major renovation, and now selling propane have all pushed the campground into becoming self-sufficient and profitable. Read about our new campground hosts on page 10.

Another benefit of the pandemic has been that many more members have tuned into our Board Meetings, via either Zoom or Facebook Live. We appreciate seeing our members engage in these meetings, as this is YOUR community and YOUR Association. Your elected Board of Directors strives to make all decisions in the best interests of the majority of the members, and they appreciate your input.

From a community development perspective, this summer continued to be a productive time for us. In August, we replaced the dock at Lucky Cove Park, added new fencing and a gate, and improved the pathway. We also continued making progress on the new ADA ramp and stairs alongside the Lodge that leads to the rental docks. Once this ramp is complete, we will finalize the Lodge parking lot, and we will be done with our massive Pavement Project. We look forward to putting the finishing touches on this amazing transformation. We have some excellent project progress photo albums online at [www.flickr.com/photos/canyonlakepoa](http://www.flickr.com/photos/canyonlakepoa). Another improvement we started in September was a new ADA ramp from the street to the park at Roadrunner Park. Creating ADA access here will make this park accessible to everyone and allow plans to add a permanent restroom facility to move forward. The permanent restroom building here has been planned for nearly 14 years, and this ramp is one of the final requirements to finally getting this done. Coming up, we are also looking forward to remodeling the Happy Camp restroom building and updating the playground with an all-new modern playground structure. This new playground will not only make Happy Camp a more attractive family get-away, but it will also provide a much-needed playground to the north side of the community, for all the members to enjoy.

As we move into the holidays, this year will likely look a lot different for us. Our Activities Department is collaborating with our community clubs to explore what events may be possible this year. In August, we adapted to COVID-19 and successfully hosted our first very popular "Rock the Boat" concert. This fun, socially distant event featured local musicians Makayla Phillips and Kenny Marquez performing for hundreds of boaters. We have another boat-in concert coming up on October 17 featuring country music group Kanan Road.

Hats off to the Canyon Lake 9/11 Tribute in Light group who did a fantastic job paying tribute to the victims of 9/11, on September 11. You can expect this event to become an annual one here, and this group has big plans for next year's 20<sup>th</sup> anniversary. They planned this first event in under three weeks, and the community just loved it. These are the things that make this community so great, and I was especially proud to be a Canyon Laker that night.

I hope to see you around town over the holidays, and that we all have a much better 2021!

A handwritten signature in black ink that reads "Eric Kazakoff". The signature is stylized and includes a long horizontal flourish extending to the right.

Eric Kazakoff, CCAM®, CMCA®  
General Manager  
Canyon Lake Property Owners Association

## Greetings From Your Board

We are very pleased to be working this summer on a number of initiatives, projects, and addressing the comments we receive from you. Consistent with the Board Principles we set for ourselves in May, we are busy preserving and enhancing the peaceful enjoyment of the community, promoting the recreation, benefit, and enjoyment of the homeowners and enhancing the quality of life and sense of community. To do that, we have established timelines and milestones for a series of projects including the creation of Sierra Park North which will include a pump track for our youth, reinvigorated our committees and focused their attention on timely input to our decision making process.

Our committees are the main link between the community and the Board. Each has a specific charter, membership approved by the Board, and a Board member that serves as the liaison. All committee members are volunteers who applied for their assignment. They represent a cross section of the community and bring a rich, informed, and varied perspective to the business of the Board. The liaison's role has been refined to be the conduit of two-way communication. They are encouraged to participate in the deliberations but not to the point of directing the outcome as they bring the Board's requests to the committee, offer the Board's perspective, and report out the activities at each Board Meeting. All committee recommendations are presented by the liaison at the Board Meetings and they form the basis of the decisions that are made.

Our members are encouraged to communicate with us in various ways. Serving on a committee is by far the most effective way to have your thoughts heard and melded into the consensus-based decisions that are made. I encourage you to bring your special talents to a committee and join in this productive process. You will find the application on the web site. Together we are becoming one united, sought after resort style community for permanent residents, that respects and meets the expectations of a diverse membership.

A handwritten signature in black ink that reads "Chris Poland". The signature is fluid and cursive.

Chris Poland, SE, FACEC, NAE  
2020 Board President  
Canyon Lake Property Owners Association

## Board Principles

Canyon Lake is a unique community that is in the midst of the transition from a vacation and retirement community into a diverse suburban community in the middle of a growing region. As we look to the future, the 2020-2021 Board established the following principles to guide their decision making.

### Core Values

- Family-oriented culture to match our wide-ranging demographics
- Maintain high quality standards
- Support strong financials for stability
- Enhance the unique identity
- Accepting and open to diversity
- Treat everyone with respect
- Continuous Improvement to enhance our services and community

- Protect property values
- Preserve and protect the commonly owned facilities
- Promote the recreation, benefit, and enjoyment of the homeowners
- Enhance the quality of life and sense of community

### Our Vision

Through stability in collaborative leadership and management, we aspire to become one united, sought after resort-style community for permanent residents, that respects and meets the expectations of a diverse membership through enhanced amenities and increased property values.

### Our Purpose (why we exist)

- Preserve and enhance the peaceful enjoyment of the property

---

# BOARD MEETINGS

---

## Regular Session Board Meetings

Regular Session Board Meetings are scheduled for the first Tuesday of each month at 6 p.m. November's Board Meeting will be on Monday, November 9, to avoid conflicting with the 2020 Election. Meetings are held at the Canyon Lake Lodge. However, if guidelines restrict in-person meetings, the meetings may be held virtually through Zoom.

Canyon Lake homeowners are welcome to attend these meetings. Members will need to bring their Canyon Lake POA ID card to verify their membership. Members may join virtual meetings held through Zoom at [vm.clpoa.net](http://vm.clpoa.net). These meetings also stream live on the Canyon Lake POA Facebook page ([www.facebook.com/canyonlakepoa](http://www.facebook.com/canyonlakepoa)) and are later posted online at [www.clpoa.com/watch](http://www.clpoa.com/watch). Meetings are subject to change. Visit [www.clpoa.com/calendars](http://www.clpoa.com/calendars) for the most current meeting schedule.

## Executive Session Meetings

The Canyon Lake POA's Executive Session Board Meetings are closed session meetings that are not open for the membership to attend. The meeting schedule is posted on the Canyon Lake POA website at [www.clpoa.com/calendars](http://www.clpoa.com/calendars).

*\*All Regular Session Board meetings are recorded and available on the Canyon Lake POA website ([www.clpoa.com/boardmeetings](http://www.clpoa.com/boardmeetings)).*

# LEARN MORE ABOUT OUR COMMITTEES

*Committees play an important role in Canyon Lake by planning, researching and reviewing a variety of Canyon Lake POA matters. Each committee is composed of members of the community and liaisons from the Canyon Lake POA staff and Board of Directors.*

## **APPEALS COMMITTEE**

This committee reviews member appeals for citations issued by Community & Marine Patrol. The committee focuses on re-enforcing rules and regulations and considers circumstances that justify a reduction or dismissal of fines. The Appeals Committee may also recommend revisions to the Rules & Regulations based on the community's changing needs.

## **ARCHITECTURAL CONTROL COMMITTEE**

The Architectural Control Committee (ACC) meets weekly to review applications for improvements, repairs, replacements, or changes to a property lot to ensure proposed changes follow Canyon Lake POA's governing documents and Rules & Regulations.

## **ESTATES COMMITTEE**

The Estates Committee represents the Fairway Estates and Rancho Estates tracts. Members of this committee meet bi-monthly to discuss community access, improvements, and maintenance in their community region.

## **FACILITIES PLANNING COMMITTEE**

This nine-member committee assists the Canyon Lake POA with a variety of projects and facilities

related matters. Every month they meet to review and propose maintenance and enhancements to roads, bridges, fencing, signage, and street lighting in Canyon Lake. Committee members work closely with the General Manager and their assigned Board Liaison to develop standards for maintenance and long-range plans for assets and amenities. They often recommend preventive and corrective measures for review by the Board of Directors.

## **FIESTA DAY COMMITTEE**

The Fiesta Day Committee is responsible for organizing one of the year's largest events, Fiesta Day. In a collaborative effort, committee members and Canyon Lake POA staff plan and coordinate all entertainment, activities, vendors, and sponsors that make up this exciting one-day event.

## **FINANCE COMMITTEE**

Throughout the year, the Finance Committee meets monthly to review the Canyon Lake POA's reserves, budget, financial statements, and investments. Currently the committee is reviewing the Schedule of Fees. The review will result in recommendations made to the General Manager for inclusion in the operating budget for the following fiscal year(s).

### **GREEN COMMITTEE**

This committee provides assistance and advice regarding the golf course's preservation and maintenance. Their primary goal is to promote safe, equitable, and enjoyable golf for all members. Each month, the seven-member Green Committee meets to determine the golf course needs, reviews golf course maintenance standards, and report comments, concerns, and recommendations proposed by members. This committee recently helped develop the project scope for the Golf Course Irrigation Project that the Board approved in July 2020.

### **RECREATION COMMITTEE**

The Recreation Committee reviews common areas to determine what maintenance or modifications could make amenities more functional for recreational purposes. The Recreation Committee also makes recommendations to the Board of Directors on necessary equipment, maintenance, and public awareness campaigns for maintaining Canyon Lake amenities. This committee recently assisted in the design and research for the new playground at Happy Camp.

### **SENIOR WORK GROUP**

The Senior Work Group works with Canyon Lake POA staff to research and develop new programs and activities at the Canyon Lake Senior Center. This

committee also plans and executes the many annual events which take place each year at the Senior Center. The committee may also provide recommendations for facility repairs and/or enhancements, specific to the Senior Center.

### **TUESDAY WORK GROUP**

The committee members of the Tuesday Work Group lead the more than 50 volunteers who are part of the Tuesday Work Group. This group focuses primarily on golf course beautification. The committee works with the Canyon Lake POA staff and Board to identify the Tuesday Work Group projects.

## **JOIN A COMMITTEE**

Canyon Lake POA members interested in joining a committee may fill out a Committee application online at [www.clpoa.com/joincommittee](http://www.clpoa.com/joincommittee). Even if there are

currently no vacancies, members may still apply and will be considered when/if a vacancy occurs.

# COMMUNITY DEVELOPMENT

## HAPPY CAMP IMPROVEMENTS PHASE 2

Happy Camp is one of Canyon Lake's most unique amenities. It offers incredible lake views and beach-front camping to Canyon Lake POA members. In 2018 there were extensive upgrades to this amenity. The significant upgrades included utility upgrades, road reconfiguration, installation of internet/wifi, new dump station, new propane filling sales station, and docks. Additionally, the new layout accommodates the larger, more modern size RVs many people use today. These improvements were all considered parts of Phase 1.

In continuation of improving this amenity and moving into Phase 2, the Board approved replacing the outdated playground equipment. The new modern playground design will be similar to the recently installed playgrounds at Sunset Beach, Holiday Harbor, Indian Beach, and Sierra Park. This project includes replacing the existing playground, adding shade, and installing rubber fall protection on the ground. This new playground will not only make Happy Camp a more attractive family get-away, but it will also provide a much-needed playground for the north side of the community.

Another improvement coming to Happy Camp is restroom upgrades. At the September 2020 Regular Session Board Meeting the Board approved staff to move forward with design development to renovate the 40-year-old restrooms. The design plan will be presented to the Board in early 2021.

# GOLF COURSE IRRIGATION PROJECT

At the July 2020 Regular Session Board Meeting, the Board approved moving forward with developing a design to replace the entire golf course irrigation system. The golf course irrigation system was last replaced in 1996. Over the past few years, it has been showing signs of failing. Leaky irrigation heads, cracked pipe fittings, and failing controllers have been some of the most extensive problems. Additionally, there are two inefficient pump stations and a weather station that have been out of service for a while and needs replacing. With the current golf course irrigation system not functioning appropriately, areas of the course are often over watered and flooded.

The proposed new system will allow many more irrigation options and provide golf course staff with the flexibility to expand the system at minimal costs. New lateral piping will be installed, and the irrigation heads will be relocated for maximum coverage. Sensors will be installed in the ground to send information to the master computer and allow maximum efficiency in the different microclimates around the golf course. These sensors will monitor moisture, salinity, and temperature, which will provide valuable information for the daily irrigation plan.

Funding in the amount of \$1,600,000 for this project will come from the Repair & Replacement Fund. Considering the projected water savings at the course after the project is complete, the anticipated ROI is only eight years. Most of the savings will come from using less water and electricity, at an estimated \$88,000 in annual hard-cost budget savings. Those savings include \$40,000 in savings from uniformly distributing water, \$20,000 from a functioning weather station (helping to restrict water usage based on weather), \$5,000 in reduced water loss, \$11,000 in reduced annual irrigation repairs, and \$12,000 in electricity savings from modern pump stations. Additionally, up to another \$110,000 in savings is projected from actual water and labor saved, expandable technology, and improved communication from pump stations to the main irrigation computer.

The design phase is moving forward, and the balance of the project will be approached in multiple phases over a one to three-year schedule.

# WELCOME!

## NEW HAPPY CAMP HOSTS

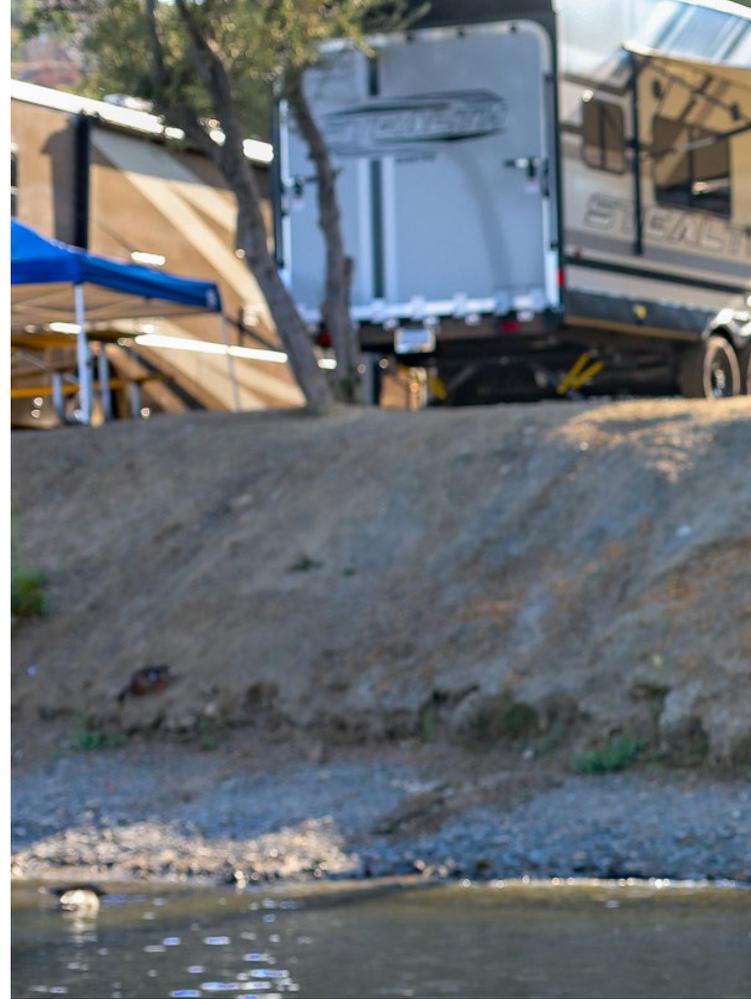

We are excited to introduce some of the Canyon Lake POA's newest team members, Sean and Kaitlyn Gardner our new Happy Camp hosts. Joining the team in August, this duo is customer-service minded and looks forward to bringing the community together around camping.

Sean and his wife Kaitlyn joined the Canyon Lake POA in August. They took over for long time hosts Dwight and Peggy Cogdill. Together, they supervise Happy Camp, including the staff, facilities, equipment, campground reservations, and camper satisfaction.

We asked Sean and Kaitlyn to give us a little bit of insight into their personal experience and goals for Happy Camp:

### Can you give us a summary of your career?

**Sean:** I started my career in restaurants, and early on developed strong customer service skills. I have more than twenty years of restaurant experience. Most recently, I was responsible for fixing restaurants that were no longer generating revenue. In 2015, I took a part-time position

with a campground in Menifee. This position was a new adventure for me, being outside of the restaurant industry, but I enjoyed the challenge and change. I also found that my customer service skills were easily transferrable to working at a campground. In a restaurant, our goal is to have customers leave satisfied and happy. It's similar at campgrounds, as we want our campers to feel like they had the most amazing experience. I moved into a Property Rental Coordinator position, and in this role, I processed all site rental contracts and enforced the rules and policies. I liked this position because I worked more closely with our campers.

**Kaitlyn:** Like Sean, I have a background in customer service. Sean and I actually met while we both worked at Pizza Factory. Beyond restaurants, I have also worked in medical offices.

### What was most appealing about this position?

**Sean:** I was already familiar with the community. However, when I looked more into the Canyon Lake POA itself, I realized the company had many values that aligned with our family. I feel like the management here really cares about their employees. Beyond that, I was ready to get back into a managing role, except this time in campground management.

**Kaitlyn:** As Sean said, this is a great community. This is a new opportunity and adventure for us. We are excited to be part of this great community.

**What does a typical week look like at Happy Camp?**

**Sean:** Busy. Managing Happy Camp really keeps me moving all day long, and I like that. It is important to me that my days are not stagnant, and I definitely get that here. I also try to spend as much time as I can interacting with our campers. Making sure our campers are having the best experience possible is a high priority. I am starting to get to know many of the residents, and I look forward to establishing and building relationships with everyone.

**Kaitlyn:** I basically assist Sean in anything that he needs. It varies; it could be helping with camper check-ins, working the gas dock, or propane sales, whatever it takes. I try to fill in any gaps that are needed. I am generally on-site all day, starting Fridays and through the weekend, which tends to be our busiest time.

**What do you find the most rewarding?**

**Sean:** It is nice when people remember you. I think we all have the opportunity to make a difference in the world. For me, if I can make someone feel welcomed and contribute to a fun experience, that's my way of making a difference.

**Kaitlyn:** I also enjoy making an impact on people. I like when people are happy, and they tell their friends about the great experience they had, and I was a part of that.

**What are you looking forward to?**

**Sean:** I am most looking forward to getting to know the community. I also want to bring some more fun to Happy Camp. At my last job, the holidays were a really fun time. I am hoping that I can create a festive holiday atmosphere here at Happy Camp.

**Kaitlyn:** This is a new journey for us, so I am looking forward to seeing where it takes us.

**What do you like best about Canyon Lake so far?**

**Sean:** It's a very welcoming community. We are both from Menifee, so we were familiar with Canyon Lake, just not the amazing community dynamic. When we got here and started moving in, we were captivated immediately by residents welcoming us to this beautiful community. I had heard Canyon Lake is "a little bit of paradise" before, and now I can see why.

**Kaitlyn:** I agree with Sean, the community has been very welcoming, and it makes us very excited to be part of it.

# AMENITY SPOTLIGHT

## Our Favorite Pet Spots

### EAST PORT DOG PARK

If you are looking for a spot to bring your dog to socialize with other Canyon Lake dogs, well, then there is no better place than East Port. This park features two fenced-in dog parks, one for large dogs and another for small dogs. Dogs can roam free and socialize with other dogs within the fenced areas. Plus, the small dog park was recently renovated and features several elevated mounds, walking paths, shade structures, and trees. There are plans for a similar renovation to the large dog park in the future.

### EVANS PARK

Located off Canyon Lake Drive near Sloop Drive, this is a great spot to take your pet on a stroll (leashed, of course). The park features a winding walking/jogging path, mature trees, and landscaping.

### LIONS PARK

Located on Yellow Feather Drive, this park is pet friendly (must be leashed) and features picnic tables, bbq's, and lots of shady trees. All in all, a great place to hang and relax with your favorite K9.

### OUTRIGGER PARK

This popular park is on the east side of the community. It features mature landscaping, trails, playground equipment, benches, and more. The park is pet friendly (must be leashed) and another great place to stroll with your best friend.

### EMERALD PARK

Located on the corner of Pheasant and Gray Fox, this park is pet friendly (pets must be leashed) and features playground equipment, shady trees, picnic tables, and pet waste receptacles.

### HARRELSON PARK

This park is located on the southwest side of the community and overlooks the lake. Residents find it to be one Canyon Lake's most tranquil parks. It is pet friendly (must be leashed) and a nice option for residents and their pups.

# PARKS & BEACHES

## Park & Beach Hours

Parks and beaches are on fall/winter hours, which are 8 a.m. to 8 p.m. Please note that any personal items left at parks or beaches before/after park hours will be at the owner's own risk. There may still be restrictions or guidelines in place due to the COVID-19 pandemic, to see current guidelines visit [www.clpoa.com/covid19](http://www.clpoa.com/covid19).

## COVID-19 Safety Park Tips

Staying physically active is one of the best ways to keep your mind and body healthy. Lucky for us, here in Canyon Lake, there is an abundance of parks, trails, and open spaces perfect for relieving stress, getting some fresh air, and staying active. While these areas can offer health benefits, it is important to follow the CDC recommendations below to protect yourself and others from COVID-19.

- Use social distancing, do not gather with people outside of your household, and avoid any crowded parks.
- Wear a face covering when feasible. Masks are essential in times when social distancing is difficult.
- Bring hand sanitizer (CDC recommends sanitizer with at least 60% alcohol) and clean hands often, especially after touching any common surfaces.
- Stay home if you are sick.

## IMPORTANT PET REMINDERS

Pets must be on a leash at all of these parks except the fenced-in dog park at Eastport. Please remember to be kind and considerate by using the pet waste receptacles located at these parks.

The lake is a drinking water reservoir, and as such Safe Drinking Water Regulations, along with California state health and safety codes, prohibit any animals in the lake. In compliance with these regulations, the Canyon Lake POA also has rules against animals in the lake, and residents who do not comply will be cited.

## EQUESTRIAN CENTER

Canyon Lake's Equestrian Center is an exclusive fee boarding facility for Canyon Lake POA members who enjoy horses and horse riding. It is an excellent place to board your horse. To inquire about boarding, contact the Canyon Lake POA's Operations department at 951.244.6841 x513.

Please note, residents without horses at the facility are welcome to walk the grounds and watch the horses in the arenas. However, for the safety of both the public and horses, only horse owners and their authorized guests may enter the stall/barn areas of the Equestrian Center.

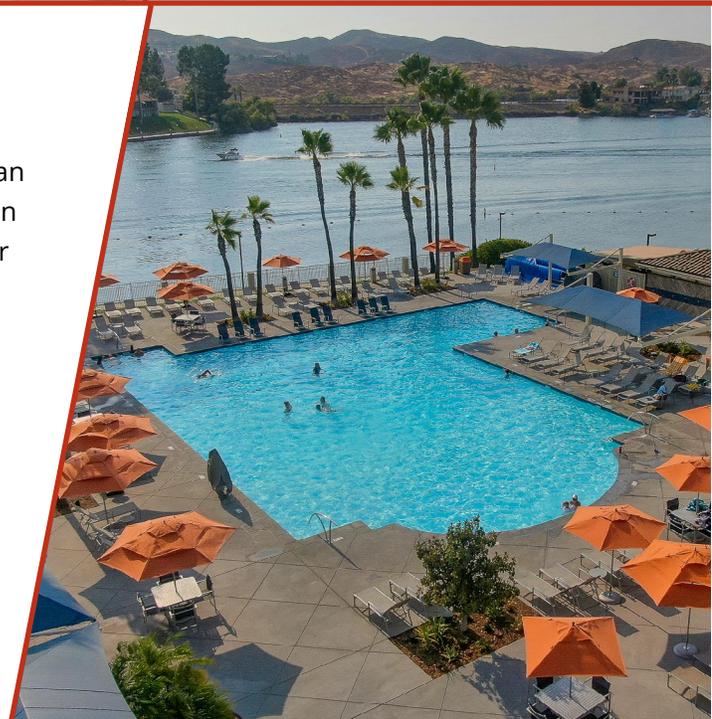

## HAPPY CAMP

Happy Camp is one of Canyon Lake's most unique amenities offering both water views and beach-front camping. The campground boasts over 50 RV sites for the exclusive use of Canyon Lake POA members and their guests. Campers enjoy access to multiple docks for boating or fishing, a roped swimming area, picnic areas, and Wifi access. You can even get gas for your boat, refill propane, dump holding tanks, and purchase ice. If that isn't enough, our affordable rates make staycationing in Canyon Lake even better! For more information about camping at Happy Camp visit [www.clpoa.com/happycamp](http://www.clpoa.com/happycamp) or call 951.244.6841 x650.

## POOL

It may be cooling down as we head into fall, but the pool is still an excellent place for family fun. It is located adjacent to the Canyon Lake Lodge. Note that pool fall hours are in effect through October 31, winter pool hours start November 1, and the pool will close for the season after November 29. To see hours, visit [www.clpoa.com/pool](http://www.clpoa.com/pool).

Please note, there may still be temporary guidelines in place at the pool due to the COVID-19. To see current guidelines visit [www.clpoa.com/pool](http://www.clpoa.com/pool).

# AMENITIES

As we all know, Canyon Lake boasts many amenities, including a variety of sports courts, to support a range of outdoor fun. Pickleball is one of our newest additions, and it has been gaining popularity among many residents. At first, tennis players had some apprehension about this new sport, not just in Canyon Lake, but nationwide. However, both sports have proven to offer their own unique benefits, and here in Canyon Lake, we are lucky to have the opportunity to have both tennis and pickleball courts.

## WHAT IS PICKLEBALL?

Over the last ten years, pickleball has rapidly taken off as an incredibly popular sport. According to the USA Pickleball Association (USAPA), pickleball is a fun game that is easy for beginners to learn and provides challenging competition for experienced players. Pickleball has been described best as a combination of tennis and badminton.

## HOW TO PLAY

Pickleball is a simple paddle game played with a baseball-sized wiffleball over a tennis-type net on a Badminton-sized court. Canyon Lake has four lighted pickleball courts at Eastport Park. The courts are open daily from 6 a.m. to 10 p.m. Canyon Lake residents may enjoy any of the courts, as long as they are available and not reserved for club or league play.

Equipment for this sport is pretty simple. Players use wood or composite paddles that are about twice the size of ping-pong paddle, a perforated plastic ball (similar to a wiffle ball), and non-marking athletic shoes.

Pickleball is a friendly and social game, but players should follow the posted game rules and guidelines to ensure fair and enjoyable play for all. Games are played to 11 points, and winners must win by 2 points. Placing a paddle in the fence on the desired court puts you in line for the next game on that court only, and courts are available to players of any skill level. Once a game is complete, the two who lost come off the court, and the two new players come onto the court. This style of play is commonly referred to as "2 on and 2 off". If two players have won two consecutive games, they must come off the court if players are waiting. When four paddles are in the fence waiting on all four courts, then and only then, all four players must come off the court after one game. When four paddles are not in the fence waiting, players will revert back to "2 on and 2 off" style.

## PICKLEBALL BENEFITS

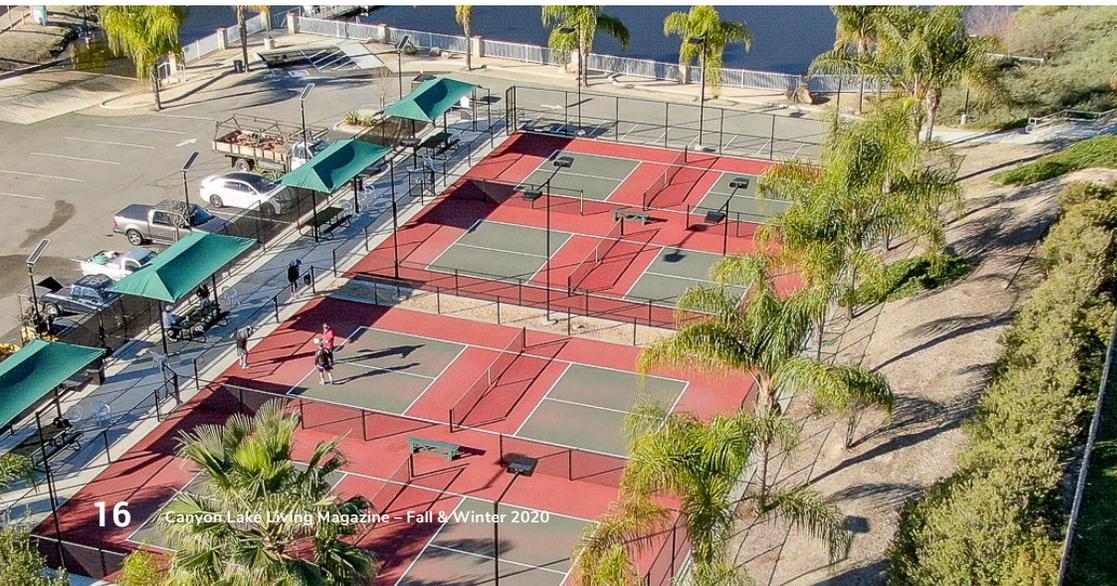

According to the USAPA, there are more than three million pickleball players across the country. As more people discover the game and play pickleball for themselves, they benefit from improved

# WHA

# UR

# ET

# ME?

health and social lives. For example, while not as strenuous as tennis, pickleball still provides a great aerobic workout. Players are on their feet, moving around, and burning calories.

It is also a very social sport which can improve your mood and mental health. You can make new friends too! There is a very active Pickleball Club in Canyon Lake that provides many social opportunities throughout the year centered around this fun sport.

### TENNIS VS. PICKLEBALL

There are both similarities and differences between tennis and pickleball. Like tennis, pickleball is a game of singles or doubles. Scoring is similar in both games, as the serving side earns a point whenever the other side fails to return the shot.

Differences between tennis and pickleball include obvious ones, such as the court size and the style of both the balls and rackets/paddles. The style of play also differs in several ways. For example, while playing pickleball, serves must be underhand, the ball must “double bounce” before volleys, and there is a “no volley” zone, which extends for seven feet on either side of the net.

Because pickleball uses a smaller court and underhand serves (which are easier on the shoulder), it is a good fit for mature adults. Though it is easier to play

than tennis, players are sure to get a good workout. A competitive game can be quite strenuous, providing healthy fun, which is right in line with an active adult lifestyle.

### TENNIS COURTS

There are six lighted tennis courts located near the Canyon Lake Lodge. The courts are for all residents to enjoy (based on court availability). They are open daily from 6 a.m. to 10 p.m. For more about tennis activities and events, visit [www.clpoa.com/tennis](http://www.clpoa.com/tennis).

### TENNIS BENEFITS

Tennis ranks among the most popular sports in the world, and it provides an excellent full-body workout. Just one hour of singles can burn over 600 calories (according to the Mayo Clinic). It is also an ideal sport for a healthy heart, improves balance, coordination, and reaction time. Beyond the obvious physical benefits, tennis promotes positive personality and fitness development and can help develop social skills for all ages and abilities. Here in Canyon Lake, there is a thriving tennis community that offers a wide variety of social opportunities year-round.

Please note, gatherings and other events may be restricted due to the COVID-19. Visit [www.clpoa.com/covid19](http://www.clpoa.com/covid19) to view restrictions.

# GOLFING IN CANYON LAKE

Across the United States, people have been playing a lot more golf. Now more than ever, golf's offerings in terms of exercise, interaction, and recreation are more attractive than ever. Luckily for you, there's a beautiful golf course in Canyon Lake! Even better, the Canyon Lake Golf & Country Club rates are some of the most affordable rates in the area.

### Overseeding October 12 - November 1

The Canyon Lake Golf Course features rolling lush fairways year-round. In order to maintain the verdant course, the golf course closes for a few weeks each fall to go through a process called overseeding. The process of overseeding is planting new grass seed directly over existing turf. In the warmer months, the golf course has Bermuda grass, which tolerates the heat well. In the fall and winter months, the course is overseeded with perennial ryegrass, which is more favorable to cooler weather.

The Canyon Lake Golf & Country Club (restaurant included) will be closed October 12 through November 1 for its annual overseeding. This is also the time of year where facility maintenance and repairs are scheduled and trainings are conducted.

### Annual Memberships

An annual membership is the best way to experience golf in

Canyon Lake. Annual members receive unlimited access to our facility, outstanding service, and year-round access to 18 holes of magnificent golf. Even better, we have many great and affordable memberships options available. For more information about our memberships, visit our website [www.canyonlakecc.com](http://www.canyonlakecc.com) or call 951.246.1773.

### Daily Play Rates\*

Not ready to become a member? That's ok! Canyon Lake residents and Pay for Play members may golf paying a simple daily play rate. Below are the current daily rates:

#### Prime Time (6 a.m. to 2 p.m.)

- 18-holes: \$38
- 9-holes: \$25

# Leave Your Mark with a Bench

Have you heard about the bench program in Canyon Lake? Residents, clubs, and organizations are taking part in this new popular program because it is an excellent opportunity to give back to the community and leave your mark in Canyon Lake.

Most recently, the Brett Downey Safety Foundation purchased a bench that was installed at Lions Park. This foundation provides motocross safety material for track owners/promoters, caution flaggers, riders, and parents. The foundation was created in memory Canyon Lake resident Brett Downey who passed away tragically in a motocross accident in 2004. Brett loved living in Canyon Lake, and he especially enjoyed fishing at Lions Park. His family still lives in Canyon Lake, and this bench signifies

the importance of this foundation and continues Brett's amazing legacy.

Any resident or club may purchase a commemorative bench. Benches are installed at designated parks in the community. These benches are a great way to give back to the community and provide recognition. There are two different styles of benches available. The Canyon Lake POA will purchase the bench with your donation. Your club or family name and the current year will be inscribed on the bench.

For more information about purchasing a bench, please contact the Canyon Lake POA's Activities department at 951.244.6841 x610 or email [activities@canyonlakepoa.com](mailto:activities@canyonlakepoa.com).

# Holiday Tips & Reminders

## Holiday Guest Passes

The holidays are right around the corner, which means residents will likely have more friends and family visiting than average to celebrate the holidays. If you intend to have family and friends over for any upcoming holidays like Thanksgiving, Christmas, or New Year's Eve please consider authorizing guest access in advance. There are several ways you can manage your guest access quicker and easier, plus help your guests access the community faster.

### dwellingLIVE Smartphone App

dwellingLIVE, has a FREE guest list app for both iOS and Android. This app allows members to easily manage guest lists and account information from their mobile device. To get this free app, members should search "dwellingLIVE" in the app store from their phone. Members will need to know their login email and password to sign up.

### E-Passes

E-passes are the most efficient option for guest access. You can send e-passes to your guests via email and the newly added option text message.

The e-pass option is available in dwellingLIVE when adding a guest, and there are now two notification options for sending e-passes, email, and text. When selecting either option, you will enter your guest's information, save your guests, and then your guest will be alerted via email or text (depending on which option you selected). Guests can show the gate guards the pass on their phone, or guests can print it out. The guard will issue your guest a parking pass that will need to be displayed on their dashboard while parking in the community. This parking pass will be in effect as long as the e-pass is active. As a reminder, guests need to also present a valid driver's license for access.

### Member Services Call Center

Members can call guests in 24 hours a day, seven days a week by calling 951.244.6841 and selecting option 0. Staff will ask for your name, property address, call-in code, and your guest's name as it appears on their driver's license.

## Holiday Decor Tips & Reminders

The holidays are here, and many homeowners are excited to decorate their homes to spread holiday cheer. The Electrical Safety Foundation International (ESFI) encourages families to learn about electrical safety and take simple precautions to ensure a safe holiday. ESFI offers some of the following tips for decorating:

- Inspect decorations before plugging into an outlet. Cracked, frayed, or bare wires and loose connections may cause a serious electric shock or start a fire.
- Do not staple or nail through light strings or extension cords. Use only insulated staples to hold light strings in place, not nails or tacks.
- Keep electric cords out of high-traffic areas.
- Plug outdoor decorations into circuits protected by ground fault circuit interrupters (GFCIs).
- Avoid overloading electrical outlets.
- Be careful when mounting or hanging light strands so as not to damage the cord's insulation.
- Before using electrical products outdoors, make sure the product is approved and marked "for outdoor use".
- Turn holiday lights and other decorations off when you leave, or go to bed.
- Always have at least one fire extinguisher available and know how to use it.

In addition to the tips above, please remember the Canyon Lake POA's Rules & Regulations regarding holiday decorations:

- Christmas and New Year's holiday decorations may be placed on the property beginning Thanksgiving day.
- Decorations for the end of the year holidays may be placed on the property no earlier than the day after Thanksgiving and removed no later than January 15 of the following calendar year.

# WHEN TO CALL COMMUNITY PATROL & MARINE PATROL

Community Patrol: 951.244.6841 x410

Marine Patrol: 951.244.6841 x415

The primary function of Community & Marine Patrol is to provide the community with services that include access control at the entry gates, Rules & Regulations compliance, and incident observation and reporting to the Canyon Lake POA. These services do not replace the services of outside public safety agencies such as law enforcement, fire services, medical services, city code enforcement, etc.

In the event of an emergency, physical altercation, theft, traffic accident, life-threatening emergency, and/or any other criminal activity, call 9-1-1 immediately.

The following are examples of incidents in which you should call Community Patrol:

- Barking Dogs & Dogs Off-Leash [ GR.2.14 ]
- Curfew [ GR.2.11 ]
- Door-to-Door Solicitation [ GR.2.16 ]
- Loitering [ GR.2.12 ]
- Loud Noise Complaints [ GR.2.18 ]
- Parking Violations [ Multiple Rules ]
- Prohibited Vehicles Driving in Community (i.e. motorcycles, off-road vehicles, etc.) [ GR.5.2. ]
- Speeding & Stop Sign Violations [ GR.5.1c & GR.5.1o ]

- Unlicensed Fishing [ GR.4.4 ]
- Vandalism/Damage to Common Area [ GR.2.9 & GR.2.10 ]

Listed below are examples of when to call Marine Patrol:

- Boat Distress Assistance Needed
- Excessive Wake [ LM.9.20 ]
- Quagga Mussel Inspections [ LM.10.4 ]
- Safety Inspections [ LM.2.10 ]
- Speeding Violations [ LM.6.7 ]

To view the Canyon Lake POA's Rules & Regulations, please visit [www.clpoa.com/rules](http://www.clpoa.com/rules).
