

Hello, I am Renee Griffiths your current POA Board President. I have had the pleasure of serving you for the past two years. I would be honored to receive your vote and to serve our community for two more years.

My husband, Mark, and I moved to Canyon Lake in 2017. Immediately we fell in love with the community and the passion that Canyon Lakers have for our amazing country. When Mark is home from the Fire Department, we enjoy all the amenities and events in Canyon Lake. We are members of The Guild, Yacht Club, Pickleball Club and Veterans & First Responders Group. I am also a member of Tuesday Work Group, Canyon Lake Jr. Women's Club, and Canyon Lake Woman's Club. To keep myself connected to our community, I also attend other club events.

During my time on the board, I have been a liaison to the Finance Committee, Fiesta Day Committee, Appeals Committee, Senior Work Group and the EVMWD/City/POA Round Table. Additionally, it has been a pleasure to attend other committee meetings to witness the hard work and dedication of the volunteers.

Goals and Objectives:

- Continue listening to the amazing ideas from our members and committees. Whether you have lived here for 40 years or 4 months, your opinions and ideas help shape our community. When I receive member input, or committee requests, I research the data to help educate myself and the community on various items.
- Continue to encourage members to email me or the board to let us know what you are thinking.
- Continue to move the community forward while being fiscally responsible.
- Continue being transparent. Our staff and communications team has been instrumental with helping the members have access to POA information via our website, www.canyonlakepoa.com.
- Continue to balance the needs of all community members. It is important to be neutral and not have a bias. Though I belong to several clubs, as a board member, I have a fiduciary duty to all the members and base my decisions on what is best for the entire community.
- Continue to encourage and support the POA to host more activities for families.
- Assist clubs, when needed, with events that benefit the entire community.
- Remain committed to supporting our community in updating policy, procedures, and project development that will help keep Canyon Lake a desirable place to live and retain our unique Little Bit of Paradise.

Education: Earned my Bachelor of Arts in Business Degree from Vanguard University. I am a CERTIFIED FINANCIAL PLANNER™, Chartered Financial Consultant® and a Chartered Life Underwriter®
